- Andyou?

Project Overview

- At end of 2009, the NGO “Comunidad para Baja California”, contacted the San Jose North Rotary, to consider the rehabilitation of the dilapidated health clinic.
- The original clinic was donated by Rotarians some 20 plus years ago to the small native Kumiai village of San José de La Zorra, located one hour up in the hills of the Guadalupe Valley in Baja Ca, Mexico.
- In August 2010, San José North Rotary committed to begin the evaluation of the project feasibility.
- The estimated budget is set at \$25.000
